SECTION. Sanry
FILE. 20 of 1897.

Dated Shimoga, 2d May 1898.

(1)

To

The Plague Commissioner
in Mysore
Bangalore

Sir,

With reference to the information about the occurrence of Plague cases recently in Hubli I have the honour to suggest that by way of additional precaution two Jamedars may be appointed in this District to supervise the Plague Inspection stations under the Plague Inspector and to patrol along the border-line between this District and Dharwar. The line and the stations will be divided between them so that all the frontier may be fully inspected every 2 or 3 days. I would suggest that these men be in the 1st grade as their duties will be particularly difficult

✓

I should also suggest that two (or at any rate one) Hospital Assistants who can ride with horse allowances to enable them to move about may be deputed for duty along the frontier

There is already a good Inspector who became early in charge of the frontier Ian addition each Taluq along the frontier has

If you approve of these suggestions I shall feel obliged by your procuring the sanction of Government at an early opportunity -

Each addition Jemadar (Shikarpur and Soraba have two) for regular police work. With these the supervising agency should I think be sufficient without the additional Jemadars now proposed

I have the honor to be
Sir
Your most obedient Servant,
H Macpherson
Deputy Commissioner
Shimoga District

There is a Hosp. Assist at Honnali Shikarpur Sorab Hosaketta Anvalti Sorab

If these are each allowed a pay of Rs 15/- a month horse allowance they might do all the supervising inspection that is necessary I think

I think it would be well to get sanction for the proposed additions at once so that they may be available for the ensuing season

Ack.

With reference to this Office letter No 2851 dated 2 May 1898 suggesting the appointment of two 1st class Jamedars for supervising plague Inspection work, I have the honor to request that early orders may be passed on the subject

From later reports, it appears that the Plague has now fairly established itself in Hubli and in the

necessary that stringent precautions should be adopted so as not to allow the regulations to be evaded As the frontier is a long one, I request that three instead of two first grade Jamedars may be kindly given for the work of supervision

2 In Government Res No 508-9 dated 23rd March 97, an Itinerary Medical Officer was ordered to be appointed for this district In my letter to the Secretary to Government No 1234/1024 dated 3rd May 1898, I requested that in view of the additional

X Ref
Grant as in the case of Bores for Chowkis
CL
15/6/98

work on account of the
Plague Inspections &c thrown
on the Medical staff, the
Senior Surgeon may be
requested to send this Officer
as early as practicable
No orders have yet been
passed on this reference
If we could have two
young active Medical
Officers able to ride, they
may be posted to go through
the Frontier villages at
short intervals and would
be able to visit all such
villages at least twice a
week The Inspection
is then likely to be thorough
and as our Frontier is
only about 60 miles from

Hubli I submit that no precaution that we can take can now be too much I may I therefore request you if you agree with me, to move the Government to sanction the appointment of two Medical Officers also for this purpose. The rainy season requires that these officers should come well equipped for camp life and they should, I submit be treated liberally in the matter of travelling and other allowances

3 I request the favor
of an early reply
I have the honor to be
Sir
Your most obedt servt

A Thwaites

For Offg Dy Commr
Shimoga

There is already a DRC
Special Inspector Mr Reuben
in charge of the frontier
I should have thought one addl Jemadar
might be sufficient considering that
there is so much frontier work done
by the regular police of the District
If three Hospital Assistants at
Honwatte Sualkoppa Shikarpur
Honnali are given Rs 10 allowance
& Duty the frontier between them
they should until Hayne actually makes
his appearance be sufficient I think

a

the most important & of property
worked the best agency for more
supervision & guard is used by
the police the patrols under the

Enclosure No. Nil

This Office No. 3301 dated 10 June 1898, requesting to move the Government to Sanction three first-grade Jamadars and two Civil Medical Officers for Supervising Plague inspection work in the District

—— m ——

With reference to the

10

Above has the honor to State that no orders have been received on the Subject

The work of Supervision has entirely fallen on one Inspector who has to look after 14 Plague Stations in three Taluks.

The Plague attacks Seem to be increasing in Hubli and Strict Supervision is very necessary in the borders.

Requests that early Sanction may be obtained for the entertainment of three Jamadars as Stated in the above Reference.
